System an method for the **visual** display of data in an **interactive** split pie chart

H Plattner, K Elliott, M Good, JM Wilson III - US Patent 6,320,586, 2001 - Google Patents

... 3 depicts a block **diagram** of the present invention. ... the values to be used as inputs for the **visual** display system for the creation of the **interactive** split pie ... The following description will focus on preferred embodiment of the invention which is operative in a **single** computer ...

[Cited by 19](#) - [Related articles](#) - [All 2 versions](#)

Ambulatory patient health monitoring techniques utilizing **interactive visual** communication

D David, Z David - US Patent 5,544,649, 1996 - Google Patents

... 9 is a more detailed block **diagram** of the receiver of 20 FIG. ... condition of a patient by means of instrument-30 mentation maintained at the patient's living quarters **linked** through a ... The system is **interactive** since the patient and personnel at the central station may engage in two-way ...
